### Idorsia announces financial results for the first half 2018

#### Allschwil, Switzerland – July 24, 2018

Idorsia Ltd (SIX: IDIA) today announced its financial results for the first half of 2018.

#### Jean-Paul Clozel, MD and Chief Executive Officer, commented:

“We have made significant progress in the first half of 2018, with three of our four Phase 3 programs enrolling the first patients and the fourth on-track to commence enrollment later this year. In addition, we have secured the financing for the development of our pipeline, keeping us on track to deliver on our strategic priorities. We are in the very fortunate position to have many exciting compounds that have the potential to transform treatment in their target indications.”

#### Key figures

- US GAAP operating results in HY 2018: loss of CHF 155 million
- Non-GAAP\* operating results HY 2018: loss of CHF 139 million
- US GAAP operating expenses HY 2018: CHF 168 million
- Non-GAAP operating expenses HY 2018: CHF 153 million
- Unchanged guidance for 2018: Non-GAAP operating expenses of around CHF 390 million

At the end of the first half of 2018, Idorsia’s liquidity (including cash, cash equivalents, short- and long-term deposits) amounted to CHF 949 million.

\*Idorsia measures, reports and issues guidance on non-GAAP operating performance. Idorsia believes that these non-GAAP financial measurements more accurately reflect the underlying business performance and therefore provide useful supplementary information to investors. These non-GAAP measures are reported in addition to, not as a substitute for, US GAAP financial performance.

#### Financial results

For the first half 2018, US GAAP operating loss amounted to CHF 155 million and non-GAAP operating loss amounted to CHF 139 million. US GAAP operating loss was based on revenues of CHF 13 million, non-GAAP R&D expenses of CHF 127 million, non-GAAP G&A expenses of CHF 25 million, depreciation and amortization of CHF 9 million, and share-based compensation of CHF 7 million.

The US GAAP net loss amounted to CHF 159 million resulting in a net loss per share of CHF 1.34.

**André C. Muller, Chief Financial Officer, commented:**

“Thanks to the excellent collaboration with J&J, we were fully functional from day one after the demerger from Actelion. This allowed us to advance our pipeline rapidly without any interruption to our programs. A little over a year later we can also say that we are now operationally independent from Actelion, running our own infrastructure and systems. This is a remarkable achievement by the Idorsia team considering we work in such a highly regulated environment.”

**André C. Muller concluded:**

“Our financial guidance for 2018 remains unchanged, unforeseen events and potential milestone expenses excluded, we expect non-GAAP operating expenses for 2018 to be around 390 million Swiss francs. With this level of investment and the 505 million Swiss francs cash raised in July, we are confident that we can develop our late-stage pipeline through to completion, so that we know the true potential of our assets and make strategic decisions on how to commercialize them.”

**Issuance of new registered shares**

In July 2018, Idorsia placed 11,912,000 new registered shares of CHF 0.05 par value each at CHF 25.62 per new share (the “Offer Shares”) with gross proceeds of CHF 305 million. The Offer Shares, corresponding to approximately 10% of Idorsia’s currently issued share capital, were issued from Idorsia’s existing authorized share capital and ranked *pari passu* with the existing shares. The listing and the admission to trading of the Offer Shares according to the International Reporting Standard of the SIX Swiss Exchange was effective on July 13, 2018.

**Issuance of senior unsecured convertible bonds**

In July 2018, Idorsia placed CHF 200 million of senior unsecured convertible bonds (the “Bonds”), due 2024. The Bonds have a maturity of 6 years and are convertible into 5.9 million registered shares of Idorsia, sourced from existing listed conditional share capital, on or after August 27, 2018. The Bonds have a coupon of 0.75%, subject to Swiss withholding tax, and a conversion price of CHF 33.95, corresponding to a conversion premium of 32.5% above the book-building price of the Offer Shares. Holders of the Bonds who convert their Bonds will receive Idorsia shares with a par value of CHF 0.05 per Idorsia share. Idorsia will be entitled to redeem the Bonds at their principal amount (plus accrued interest) in accordance with the terms and conditions of the Bonds at any time (i) on or after August 7, 2022, if the price of an Idorsia share is equal to or exceeds 150% of the then prevailing conversion price over a certain period or (ii) if less than 15% of the aggregate principal amount of the Bonds remains outstanding. The Bonds, unless previously converted or repurchased and cancelled, will be redeemed at 100% of their principal amount.
